MUTINY QUELLED BY THE TROOPS

Was Much Destruction, and
Bloodshed at Kronstadt.

The Trouble May Be Over Only Tem-
porarily, It Is Thought by Those
in Position to Know.

THE RUSSIANS ROB PASSENGERS

London, Nov. 10.—The correspond-
ent of the Reuter Telegram company
at Kronstadt wires today that the
mutiny is suppressed and the author-
ities are master of the situation.
Large numbers of troops have
arrived to assist in preserving order.

To Over-Ave Finns.

Helsinki, Nov. 10.—The munici-
pal council of this city have decided to
pay the strikers fifty per cent.
of their wages during the time they were
on a strike. Recently. Dispatches
from St. Petersburg say that Grand
Duke Vladimir on Monday ordered a
brigade of guards and two batteries
and several regiments of infantry
were sent to Helsinki to overawe
the Finlanders who are making de-
mands for freedom.

Troops Rushed to Kronstadt.

Paris, Nov. 10.—A dispatch from
St. Petersburg says that all the
available troops there are being sent
to Kronstadt. Among the reinforce-
ments are detachments of artillery.
Armaments at Kronstadt have been
plundered and arms stolen by the
mutineers.

Railway Strike Ends.

London, Nov. 10.—The correspond-
ent of the Exchange Telegraph com-
pany wires that the railway strike at
Riga, Russia, has ended.

Order Partly Restored—Many Dead.

Cronstadt, Nov. 10.—During the
rioting Wednesday night, machine
guns were employed against the mu-
tinious sailors who had just been joined
by a battalion of artillerymen
from the fortress and which raised
the total number of mutineers to
3,000.

It is difficult to ascertain the num-
ber of casualties, but the officers
place the figures at 200. Many of
the wounded persons are in the hos-
pitals.

Roughs joined by the pillage, but
the workmen did not participate in
it. Many of the workmen and civil-
ian population have either fled or are
trying to flee the city and the docks
are piled high with baggage and
household effects.

Fires are still glowing in the mar-
ket and other group of buildings, but
order is well restored.

Stores and houses are boarded up,
and troops are patrolling the streets.
Though a majority of the mutineers
have surrendered, several hun-
dred are still holding out in the east-
ern section of the town. They have
thrown up barricades and are posted
at all streets leading to the strong-
hold. It is expected that the remain-
ing of mutineers will submit tomor-
row.

Russian Crew Mutinied.

Vienna, Nov. 10.—It is reported
that the crew of the Russian steamer
Tsmalia which sailed from Odessa
recently, mutinied and robbed the
passengers of all their money.

Many Smoldering Ruins.

Cronstadt, Nov. 10.—The heavens
reflected the glare of the smoldering
fires as a correspondent approached
Cronstadt last evening.

Upon landing, however, hurried in-
quiry revealed the fact that troops
and loyal sailors apparently had the
upper hand.

The fighting had ceased in the
streets and the town was quiet, but
fears were expressed that there
might be further trouble later.

The outbreak started when the
sailors of the "Seventh Point Equip-
age" revolted and, it is rumored,
killed some of their officers. They
marched out of the barracks and im-
mediately plundered four spirit shops.
Crazed with liquor they returned
and seized their arms, and then went

on a rampage firing promiscuously
upon troops and loyal sailors.
Later they were joined by many of
their comrades and the fighting con-
tinued from midnight until yester-
day morning when the terror-strick-
en inhabitants began to flee.

The lowest estimates place the
number of dead at fifty.

Several regiments with eight ma-
chine guns from St. Petersburg and
Oranienbaum were landed.

ARCTIC EXPLORERS

Are Believed to Have Perished As
Season Was a Bad One.

St. John's, N. F., Nov. 10.—The
mailboat Virginia arrived from nor-
thern Labrador, bringing James
Richards and Peter Stevens, mem-
bers of Dillon Wallace's expedition
to explore the interior of Labrador.
They left Wallace and Easton in Sep-
tember in the wildest part of Labra-
dor. When provisions were growing
scarce Wallace and Easton decided to
attempt to reach the Caribou coun-
try. Before this party had suffered
greatly owing to the scarcity of
game, being on short rations for a
considerable period. Richards and
Stevens gave Wallace and Easton
every ounce of food they could spare
and suffered terrible privations them-
selves in reaching the coast.

The mailboat brought no news of
Mrs. Hubbard's expedition which has
not been heard of since it left the
coast last June. Reliable authority
along the coast express grave fear
that both expeditions have perished,
the season having been unusually
poor for game, while snow fell on
the uplands early in August. It is al-
together unlikely that the expedi-
tions can reach the coast later in this
season. If they fail to do so they
must certainly perish.

BREACH OF PROMISE

\$5,000 Damage Suit Filed By Flo-
rence Story Against George
Gibbs.

Florence Story today filed suit
through Attorneys Grassham and
Threlkeld against George Gibbs for
\$5,000 damages for breach of prom-
ise.

The petition states that the girl
is under 21 years of age and five
years ago met and kept company
with Gibbs who promised to marry
her. She presented herself to him on
several occasions to fulfill her agree-
ment but he refused, setting the date
forward constantly. Finally he aban-
doned her altogether and she now
states she is in a delicate condition
and suffering a great humiliation and
shame and thinks she is damaged in
the sum of \$5,000.

IN GOOD SHAPE.

All Electrical Apparatus Must Be If
Used in Theater Hereafter.

Hereafter Inspector Gilsdorf will
inspect all the electrical apparatus us-
ed by theatrical troupes at the Ken-
tucky, and in case he finds any in bad
condition, will require that they be
repaired before used. It is claimed
that some of the companies bring
here for use machines, etc., that are
in bad condition. The council last
night authorized the city electrical
inspector to inspect all such devices
and see that they are in proper
shape.

BIG HOTEL BURNED.

There Were Several Hundred Guests
But They All Escaped.

San Luis, Cal., Nov. 10.—The Ra-
mona hotel, a three story structure,
with three hundred rooms and filled
with eastern tourists, largely women
and children, burned early this morn-
ing. There was a panic among the
guests but all escaped, saving their
baggage. The loss is a quarter of a
million. The fire started in the
kitchen which was in a separate
wing.

Looks Better in Ohio.

Columbus, O., Nov. 10.—Indica-
tions this afternoon are that the re-
publicans have elected all the candi-
dates on the state ticket except gov-
ernor and possibly lieutenant gov-
ernor. Returns are too meager to clear
up the doubt.

Diphtheria Closes Schools.

Springfield, Ill., Nov. 10.—An epi-
demic of diphtheria at Taylorville
was reported to the state board of
health today. Public schools and li-
braries have been closed.

The Home Telephone Company to Build to Cairo for St. Louis Connections

A line northwest to Cairo is soon
to be started by the Paducah Home
Telephone company, which will give
the local office an outlet to St. Louis.
This will be a big thing for the Padu-
cah company as it will give it a fine
long distance system to the future
Great.

The Louisville wire is nearing Pa-
ducah and all other lines are being
repaired. The Louisville line will con-

THE GRAND JURY BEGINS ITS INQUIRY

Into the Alleged Frauds in New
York City.

A Number of Contests Are Predicted
in Kentucky—Judge Hargis'
Hard Fight.

THE BALLOTS WERE GUARDED.

New York, Nov. 10.—Under the
direction of Attorney General Mayer,
of the state of New York, with the as-
sistance of District Attorney Jerome
the grand jury today began an inves-
tigation of the charge of fraud and
prostitution of the ballot made in con-
nection with Tuesday's election. Whether
or not indictments will be
returned against the election officials
is a matter of conjecture.

Fusion Candidate Wins at Memphis.

Memphis, Tenn., Nov. 10.—James
H. Malone, one of the best known
lawyers in Tennessee, was elected
mayor of Memphis on the independ-
ent Democrat ticket, defeating J. J.
Williams, Democrat, who had held
the office eight years. The entire in-
dependent ticket is probably elected.

Smithland City Ticket.

Smithland, Ky., Nov. 10.—The
Smithland Democratic city ticket,
headed by Judge W. F. Cowper, for
city judge, and S. C. Kendall for mar-
shal, was elected by good majorities.
The members of the board of trust-
ees elected are T. C. Holt, Geo. L.
Crawford, I. Brandtetter, T. D. Pres-
nell and Dr. L. D. Adams.

Guarded the Ballot Boxes.

Mt. Sterling, Ky., Nov. 10.—Re-
ports from Jackson state that, while
Judge James Hargis has been de-
feating by 752 votes, he will contest
Taulbee's election as will the rest of
the Democrats.

The feeling is very high and the
Hargises are keeping indoors. The
Hargis followers claim illegal vot-
ing and fraud as grounds for the pro-
posed contest. The Fusion forces are
thoroughly organized and will resist
any effort to rob them. A Mr. Ham-
monds states that Judge Hargis and
Callahan are in great danger of per-
sonal violence.

The Fusion people have complete
control of Jackson and watched the
ballot boxes with armed guards until
the official count began.

Found Ballot Boxes in River.

New York, Nov. 10.—Attorney
General Mayer stated today that he
had received information of the re-
covery from North river of certain
ballot boxes used in the election Tues-
day. He said the matter was under
investigation. A ballot box alleged to
have been stolen and discovered by
accident last night was taken to Dis-
trict Attorney Jerome's office and
closely examined.

Mayor McClelland to Fight Some Too

New York, Nov. 10.—Mayor Mc-
Clelland has made public the follow-
ing statement:

"The election returns show my
election by a plurality of 4,180 votes.
These returns are the results of pro-
cedure prescribed by law, and they
are expressly declared by law to be
presumably correct. I believe they
are correct. Therefore, I will take all
legitimate means to protect my
rights, as well as those of the voters.
If my adversary appeals to the law
to overthrow what are now legal re-
turns of the results of the election, I
will meet him fully prepared to vi-
linate these results to the courts
where these differences must be pass-
ed upon every candidate and every
citizen should readily submit."

Fraud Charged in Fulton.

Fulton, Ky., Nov. 10.—The Demo-
crats of Fulton county are wrought
up over what they claim was an open
steal of the county judge's and cir-
cuit clerk's offices in Tuesday's elec-
tion. Luby Hargrove, Democratic can-
didate for county judge, and James
Milner, candidate for county clerk,
carried every precinct in the county
by more than the usual majorities,
except two precincts in the town of
Hickman. In Hickman it is claimed
that gross fraud was perpetrated and
978 votes were polled which are nearly
300 more than were polled there
before. Democratic leaders charge
that if every taxpayer in the two
Hickman precincts had voted the
vote could not have exceeded 700.
On the face of the returns Hargrove
and Milner have lost by about thirty
votes. They will contest the election,
and their friends are confident the
Hickman precincts will be thrown
out.

10 Indictments Ready.

New York, Nov. 10.—The grand
jury adjourned this afternoon to
meet again Monday. It is ascertained
that ten indictments for election
frauds were drawn up to be filed
with Recorder Goff Monday.

to restrain State Insurance Superin-
tendent Vandiver from enforcing his
order prohibiting the company from carrying on busi-
ness in Missouri.

The restraining order was issued
and Vandiver cited to appear on No-
vember 20 and show cause why he
should not be prevented from enforce-
ing his order. Vandiver is forbidden
to enforce the order pending the
hearing.

ael Johnson Suit.

leged False Arrest and Im-
prisonment.

rest and imprisonment. The officers
won the case in the McCracken court
and the opinion of the appellate court
today ends the case.

after her daughter was found shot to
death on suspicion that there was
foul play. She was released as soon

FRISCO TO HANDLE BUSINESS HERE

Will in Ten Days Start a Barge
Transfer System.

Two Trips a Day Contemplated and
Only Freight Business Is to
Be Handled at Present.

ROAD TO BE BUILT LATER

Within ten days the Frisco rail-
road may have connection with Padu-
cah, giving it a road to Nashville,
Tenn. Mr. G. H. Kummer, traveling
freight agent for the Frisco, is in the
city working up business for his road
and is authority for the statement
that the road may be working with
Paducah in ten days.

This news will come as a surprise
for it was thought by many that the
road was going to build up a day but
the Kentucky side from Joppa, Ill., twenty
miles below here, but for the present
a towboat and barges will be used.
Later the road will be built.

Mr. Kummer stated that two or
three trips will be made a day but
probably two for a while. He said
there would be no passenger business
handled at present as the company
desired to handle only the freight
business from Joppa to Paducah. A
large barge, probably built of steel,
which will hold ten cars will be used
and a boat will tow them here and
unload them at the N. C. and St. L.
incline, which is near the iron fur-
nace, on South Third street. The
freight will then be hauled over that
road's tracks. When the boat returns
to Joppa she will take back a load.
It is proposed to make one trip in
the morning and the other in the af-
ternoon. Of course if the business be-
comes so voluminous as to necessi-
tate it, more trips will be made and
more barges will be secured.

The towing plan will be temporary
as the road intends to eventually
build into this city, but desiring an
immediate connection with the N. C.
and St. L. it has decided on the boat
business. The road expects to get in
operation with this city in ten days
but it may not get started so soon.

Mr. Kummer is here to work up all
the business he can for the road. It
will compete with the Illinois Cen-
tral and may eventually mean a low-
er freight rate into and out of Padu-
cah, which will be a big thing for the
city and the business men. Mr. Kum-
mer succeeded Mr. E. J. Knickerbocker
a few months ago.

Mr. Kummer said before leaving
the city this afternoon, that if the
present plan is carried out, the Frisco
will use the big towboat Davis and
barges between Joppa and Paducah.
The complete equipment for handling
the freight business is now ready, he
stated. The Davis was formerly in
the transfer service at Thebes, Ill.,
before the new bridge was finished.

It is understood that the Frisco's
only obstacles are the N. C. & St. L.
with which arrangements have not
yet been completed to handle the busi-
ness. It is said that the N. C. &
St. L. has been hanging back. Local
officials do not know anything about
it, as it is a matter for the higher of-
ficials of the road to decide. It is al-
so understood that the Frisco officials
have informed local shippers that the
new arrangement now depends entire-
ly on the N. C. & St. L. and that
the Frisco is very anxious to enter
Paducah, and will do so if the N. C.
& St. L. agrees.

Court.

Howard, three times convicted for
the murder of Senator Goebel. How-
ard is represented by Wm. M. Smith
and the state of Kentucky by At-
torney General Hays. The object is to
have Howard's case removed to the
federal court.

Destroyed by Government.

than two hundred and fifty thousand
dollars in counterfeit coin, notes, dies
and other counterfeit money-making
apparatus, were destroyed by the
treasury department yesterday. The
"queer" coin alone amounted to forty-
nine thousand dollars. It was the
largest consignment ever destroyed
by the government at one time.

COUNTING THE VOTE.

election commissioners, Messrs. L. B.
Ogilvie and Will Farley, had gone
over the stubs from thirteen precincts
and made no changes in the announ-
ced result of the elections.

sion of two days. Officers were elected

LAWSON BETS \$10,000

That He Will Be the Next Mayor
of New York.

Boston, Nov. 10.—Thomas W. Law-
son, the State-street financier and
author, has bet \$10,000 that William
R. Hearst will be the next mayor of
New York. He has \$10,000 more
that he is willing to wager in the
same way. The first \$10,000 was of-
fered at 1 to 3 and with instructions
to his broker to receive offers down
to even.

The broker placed \$2,000 at 1 to 3
and the rest at 1 to 2. Now he has
posted \$10,000, which he offers at
the same odds upon which the other
bet was taken.

THE Y. M. C. A. AGAIN MAKES ASSIGNMENT

Institution Unable to Pay Ex-
penses and Keep Up.

Harry Stiles Is Made Assignee in Pa-
pers Filed by President
Grogan.

NO ASSETS HAVE BEEN LISTED.

The Young Men's Christian Asso-
ciation of Paducah today made an as-
signment, the second within two
years. The deed of assignment was
filed this afternoon by the associa-
tion's president, Attorney James R.
Grogan. Harry Stiles is made as-
signee.

The books, business and other prop-
erty will be turned over to the as-
signee at once. It is believed the
total assets will not amount to over
\$300 or \$400.

One of the directors stated this af-
ternoon that the association had been
trying for some time to raise the nec-
essary money, and had failed. It
was decided at the board of directors'
meeting last night in view of this
fact, to make the assignment.

The liabilities now are about \$1-
000. When the association assigned
last year its liabilities were about
\$3,600. It was stated today by one
of the directors that if the people
wanted to, they could raise the money
now and put the institution on its
feet again.

The Y. M. C. A. was organized sev-
eral years ago, and managed to keep
up until last fall, when it made an
assignment on account of the inabil-
ity to meet its obligations. Through
the efforts of the ladies of Paducah,
principally, it was revived, and had
apparently been doing fairly well un-
til recently.

General Secretary Blake Godfrey
came here last winter and had since
been in charge. The property of the
association consists of an unexpried
house, gymnasium paraphernalia
books, furniture and minor property.
When the association resumed dur-
ing the early part of the year, the la-
dies' committee had charge of it, and
it was thought to be doing well. It
was some time ago turned over to the
directors, at the latter's request, by
the ladies. Many of the ladies did not
know that an assignment was even
contemplated.

It had been intimated recently
that the financial condition of the as-
sociation was not encouraging, but
few knew that it was in such straits
as to put it out of business.

A complete schedule of assets and
liabilities will be filed within five
days.

Burglars Broke In.

Burglars entered the rear of the
residence of Mr. W. A. Wickliffe at
Third and Monroe streets this morn-
ing and stole flour, groceries and
some knives and forks. Entrance was
effected through a window. No clue
was left which may lead to the iden-
tity of the burglar.

Death of a Child.

William Vines age seven years, son
of Mr. and Mrs. J. G. Vines, of Guth-
rie avenue, died at 8 o'clock last
night of spasms. The child had been
ill but a few days. The funeral will
be held tomorrow afternoon the
hour not having been fixed.
